Registering

The first thing you'll see is the PowerCashStream main page. Below the login boxes are two links. The right hand one is for recovering a lost password. For now, you will click on the left hand one, Register, to start the sign up process.

That link will take you to the New Member Registration page. Fill in the information requested, then click on the Terms and Conditions link to see the PCS user agreement.

Once you've read it and agree to it, check the box, put the 3 black letters and/or numbers in the box and click on Register.

Your next step will be to open the eMail sent to you at the address you entered and click on the confirmation code in the middle of the message to finish activating your account.

If you don't see it after a few minutes, check your spam folder. If it's there, go ahead and open it and then make sure you whitelist PowerCashStream.com to get future updates.

Hey Diane2 Merriam,
Welcome to Power Cash Stream!
Our names are Aron and Shawn McElhaneey, and we just wanted to take the time to thank you for joining.
It is our main goal to begin delivering as much traffic to your sites and cash to your pockets as possible, as soon as possible.
With that being said, we encourage you to log in immediately and follow the simple instructions inside the member's area to begin driving insane amounts of traffic to your websites.
<http://PowerCashStream.com/login.php>
We're in this to help YOU!
So, if you ever have any questions, please don't hesitate to log into Power Cash Stream and click the big orange button that says Ask Aron or Shawn.
We look forward to helping you build your business!

The Home Page

Here's the home page, It has all your links to move around the site.

The buttons on top or the navigation area on the right side will both take you wherever you want to go.

The links in the Get Free Traffic section send you to where you setup your websites and start surfing.

The first of the links in Cash Streams take you to your affiliate toolbox, where you can get links, pages, banners and more to help you earn money by promoting Power Cash Stream.

The second goes to PCS's downline builder where you can enter your referral IDs in other programs to

POWER CASH STREAM

NAVIGATION

SPY BUBBLE POWER

help you build your downlines there.

The bar below the two boxes will take you to the section where you can upgrade your membership level. This will give you an increased surfing ratio, higher commissions, a shorter timer, bonus credits, additional ads and, on the highest level, random referrals.

The Ask Aron or Shawn button will let you ask questions, report problems, or to just say thanks.

Adding Your First Site

Before you can surf you will have to setup at least one site of your own to receive the viewing credits you earn by surfing. Simply enter the name and URL of the site you want to promote and click the Add button.

URL	Views Received	Views Assigned	Assign Credits	Delete Site
Name: <input type="text" value="The Tools Of The Trade"/>				
Site: <input type="text" value="http://thetoolsofthetrade.net"/>				
<input type="button" value="Add"/>				

After you click Add, your site will be automatically checked to make sure your site is not a frame breaker (one that takes the surfer away from the TE web), a reported malware site and some other checks. When the Confirm My Site button comes up, click on it to go back to the Add Your Site area.

Setting Up Auto-Assign

You will also need to setup a minimum percentage of 60% of the credits you receive to be automatically assigned to the site you just set up. Just type 60 or more into the Auto Assigned box and click the Update button

Auto Assign
You must auto-assign at least 60% of your credits.

 **60% of your credits are currently auto-assigned**

URL	Auto Assigned
<input type="text" value="http://www.dianemerriam.com/my_"/>	<input type="text" value="50"/> %
<input type="text" value="http://www.dianemerriam.com/ws2"/>	<input type="text" value="10"/> %

Surfing

You made it!!!

Surfing is the core of any traffic exchange, and these are examples of the screen you'll be looking at.

The top left corner you'll see how many credits for each page viewed you earn and how many total you have.

The red button is the countdown timer and shows you how much longer you need to look at the page you're on before you can move on to the next one. How long that is varies depending on your membership level. Starting out, you'll be at 9 seconds.

There are 5 small text links in the middle. They will all open in a new tab or window so it doesn't interfere with your surf session.

My Account will take you to your PCS back office

Open Site will take you to the home site of the page you're currently looking at, usually the same place that any on page button takes you to.

Report Site will open a new tab or window with a form you can use to let the administration know of any problem you have with the site you are or were on. The types of things to report are sites that take you away from PCS, ones that are offensive or against the rules. That will let them know to take a look at the site and take it down if warranted.

Buy Credits will take you to the page where you can, of all things, buy credits.

Show Chat will open a live chat column for talking to other surfers or the administrators.

On the top right is a banner ad and a text ad. Those change with every site viewed as well.

You can set up your own banner and text ads in the back office.

When the timer runs down the button changes to the GO! and a set of icons will appear in the middle.

Look at the icon on the left and find the one that matches it to the right.

Click on that icon and the next page will load.

This shows you the chat bar on the left and one of the bonuses you can get surfing at PCS

If you're a member of Click Track Profit you can click on the link to get one of the collectible badges for PCS.

If not, you can click [here](#) to join and take advantage of the great training they have.

This is another one of the bonuses you can win at PCS. The specific prize varies each time. When you see this screen, simply click the Click Here To Claim Prize button and it's all yours.

Now lets head back to your account to go over the many other things you can do with your account at Power Cash Stream. Either click on the My Account link or simply stay there after you log in.

Adding More Sites

Most of the screens are the same through all of the advertising types.

At the top they tell you how many credits you have available to use and lets you do a one click assignment of however many of those credits you choose to assign and evenly divide them between all the sites you currently have set up.

Below that you will see several columns, again very similar throughout all the ad types.

The left column has the name and URL of the sites you have

You can change information on your previous sites and then click Save to save the changes. The site checker will come up again, just as it did when you added a site for the first time.

Just below that it will say Paused and Enable URL or Active and Pause URL. That lets you stop a site from showing without deleting it

The next column keeps a running total of the number of times the page has been seen by others. If you make changes you may want to reset that total to test how well the new version is working. Simply click on Reset in the next column to put it back to 0.

Views Assigned is the number of credits you have left, not counting Auto-Assign credits.

Assign Credits is where you add more credits to any sites you have already set up. Enter the number you want to give it on each site and then click on the Assign button at the bottom of that column. You do have to have either earned credits by surfing or purchased them first before you have them available to assign.

The last column is pretty self explanatory. Click the delete button to delete the site.

Depending on your membership level you will have different limits as to how many sites you can have. Once you hit that number you will have to delete one of your current sites before you can add a new one.

Adding A Banner

Banner and text ads are two additional opportunities for making an impression and sales.

It's very similar to adding a site.

An impression is the same thing as a credit, but just for banners. You get impressions as bonuses while surfing or by trading one page credit for five banner impressions.

You will have to put in two URLs, one for where on the internet the image itself is (you will need to have it hosted somewhere or use one made available by any program that you're in that you want to promote) and the second is the URL of where you want people to go when they click on it.

The Stats column shows the number of times it has been seen, just like a site, but now adds the clicks and the click through rate (CTR). This is the ratio of the number of times your banner has been clicked on over the number of times it's been seen. This will help you gauge how well the banner is working.

The two assign columns let you assign credits directly without converting first or assign impressions you already have as impressions.

The screenshot shows the 'My Banners' dashboard. At the top, there are three status bars: a yellow one indicating 0.54 credits, a blue one showing '1 Credit = 5 Views', and another blue one showing 0 banner impressions. Below these is a 'Quick Assign' section with a form to evenly distribute 0 credits to active banners. To the right is a 'NAVIGATION' menu with links like Home, My Sites, My Banners, etc. The main part of the dashboard is a table with columns for Banner, Stats, Views Assigned, Assign Credits, Assign Imps, and Delete Banner. The table contains one row for a banner with a thumbnail, image URL, target URL, and statistics (1 View, 0 Clicks, 0% CTR). Below the table are input fields for image and target URLs, and an 'Add' button.

Banner	Stats	Views Assigned	Assign Credits	Assign Imps	Delete Banner
 Need a Real Website as Fast as Online Business? http://www.dianemerriam.com/g Image: http://www.dianemerriam.com/g Targets: http://www.dianemerriam.com Save Active Pause Ad	1 Views 0 Clicks 0% CTR Reset	9	0	0	Delete

Adding A Text Ad

The text ad screen is virtually identical to the banner ad screen.

You don't have a lot of room to fit in your text under the banner so it will need to be kept fairly short.

The screenshot shows the 'My Texts Ads' interface. At the top, there are three status bars: a yellow one indicating 0.54 credits, a blue one showing 1 Credit = 5 Views, and another blue one showing 100 text impressions. Below these is a 'Quick Assign Credits To Text Ads' section with a text input field set to 0 and an 'Assign' button. A table of active text ads follows, with columns for 'Text Ad', 'Stats', 'Views Assigned', 'Assign Credits', 'Assign Imps', and 'Delete Ad'. The first row shows an ad with the text 'tools, training and Resources For The Successful I', a target of 'http://www.dianemerriar', and 0 views assigned. Below the table is a form to add a new text ad with fields for 'Text' (containing 'Click Here') and 'Target' (containing 'http://'). A 'NAVIGATE' sidebar is visible on the right.

Text Ad	Stats	Views Assigned	Assign Credits	Assign Imps	Delete Ad
tools, training and Resources For The Successful I text: tools, training and Resou Target: http://www.dianemerriar	0 Views 0 Clicks 0% CTR Reset	0	0	100	Delete

Buy Credits

There are several different types of credits you can buy. A startpage doesn't count against your regular credits and it's the very first page everyone sees when they start surfing. No more question on how many credits you have to spend to try to get everyone to see it.

Buy Credits Startpage - \$55.00

\$55 for 1 Week (7 days) StartPage - Branding at it's Best

StartPage: is the First Page/Site Members see when they Login and Surf, you can reserve it for your Own Website or Affiliate Link for MAX Exposure and it will NOT take any Credits from your account. Dates in **RED** are already reserved and Dates in **GREEN** are Available.

==> Purchased or Won a Startpage: to ENTER your URL and Check your Stats [CLICK HERE!](#) 

October 2011							November 2011						
Sun	Mon	Tue	Wed	Thu	Fri	Sat	Sun	Mon	Tue	Wed	Thu	Fri	Sat
25	26	27	28	29	30	1	30	31	1	2	3	4	5
2	3	4	5	6	7	8	6	7	8	9	10	11	12

23	24	25	26	27	28	29	27	28	29	30	1	2	3
30	31	1	2	3	4	5							

There are also several packages of credits and impressions that you can buy so you don't have to take the time to earn them by surfing

(1000 Credits + 500 Banner & Text Ad Impressions) - \$11.95

(2000 Credits + 1000 Banner & Text Ad Impressions) - \$23.90

(5000 Credits + 2500 Banner & Text Ad Impressions) - \$59.75

Affiliate Toolbox

Power Cash Stream has additional ways you can earn money. As an affiliate (commissioned sales in the brick and mortar world) you can earn a percentage of what people who join from your link spend to upgrade or purchase as well as a percentage of the credits they earn.

Given a little time and effort, you can have an upgraded account that pays for itself.

PCS provides several kinds of pre-written eMails, graphics and other affiliate tools.

The most important link is the one here on top. It's your generic link with your referrer ID

You can use these eMails to send to your own list or using safelists.

You should get in the habit, as soon as you can, of writing or re-writing ads and splash pages so that they are unique to you.

If people see or read the same thing from dozens of sources, it tends to get ignored much more than if something is new and different.

Your Affiliate Link

<http://powercashstream.com/?rid=1702> ←

Step 1: Send an email to your subscribers

Subject: Get in while it Buzzing

Hey {firstname_flg}

The way this thing came out of nowhere, it's going to catch a lot people by surprise

If you want to get in while it's buzzing, go here

=>> <http://powercashstream.com/?rid=1702> ←

Subject: How 2 INSTANTLY Drive Traffic to Your Site 4 Free

.....

If you are in a hurry and want to start getting traffic in 17 minutes, go here now. . .

=>> <http://powercashstream.com/?rid=1702> ←

Traffic is the rocket fuel that powers your Internet business

Subject: Blog Post: Where are all the new surfers?

And bringing in new surfers is what makes PowerCashStream stick out from the flood of new exchanges popping up all over the place

I don't recommend many new exchanges these days, but I have no hesitation whatsoever, string suggesting you grab your free membership at PowerCashStream. ←

A few more ways to get people to come to PCS and sign up under you is sharing it on a regular basis on Facebook and the Tell a Friend form where you can write to people you know personally and have their eMails.

Both of these are what's being called social marketing, connecting to people directly as a person, not an anonymous surfer.

The image shows a two-step web form. Step 2 is titled "Step 2: Share this site on facebook" and contains a blue "Share" button with a Facebook icon. Step 3 is titled "Step 3: Tell A Friend" and contains a form with the following fields: "From:" (empty), "Your Email Address:" (empty), "Email address to send to:" (empty), and "Subject:" (pre-filled with "Interesting.... check it out"). Below these fields is a "Message:" section with a text area containing the text "Check out <http://powercashstream.com/?rid=1702>, looks very promising". At the bottom of the form is an orange "Send" button.

Several different sizes of banners that you can use in traffic exchanges, forums, personal pages, blogs, or just about anywhere else.

Put the code directly under the banner on your page or use your standard URL for the target and the banner URL for the image.

Step 4: Add these banners to your site

OR Use this html code in forums and traffic exchanges

```

Referrals

When someone joins PCS through your referral link they become your referral. The referral list (your downline) lets you know who and how many they are.

First Name	Last Name	Date Joined	Total Sales	
Frank	Riesenbeck	11-Oct-2011	0.00	

If you click on the envelope to the very right, you can eMail them as well. Don't abuse it though. Ask if you can help them with anything or encourage them to surf and point out the benefits of upgrading.

Use a PS to have a link to your own programs or lists sign up pages.

Commissions

When any of your referrals makes a purchase or upgrades you will receive a percentage of that sale. The list here shows you how much you have coming to you and where from.

Date	Product	Commission	Status
2011-10-11 20:31:30	Test Penny as Requested	0.01	Unpaid
Total Owning:			50.01

When you've reached \$10 you may request a payout. They are made on Fridays. There's also a 14 day wait period to cover purchases that may request a refund.

Profile

Who are you and where are you and how to get hold of you goes in the top section. Name and eMail are required and your physical address is needed if you earn more than \$600 in one calendar year.

The next section is your password. It can't be said too many times. Make it hard to guess and change it regularly.

You get paid via PayPal, so you'll have to get this entered before you want money out.

You can also choose what eMails you want to receive.

Finally, click the Update button when you're done with your changes.

Be careful with Delete My Account; it can't be undone.

Downline Builder

PCS helps you build downlines in other programs as well.

If you are already a member in any of them, simply put your referral ID in the box.

If you aren't and want to, click the Signup! to go to that program and join. You will be joining under your referrer.

When any of your referrals come to this page and join, they will be joining under you in those programs that you are a member of.

After you've filled in as many referral ID as you have, click on the Update Referral Ids button.

There are more programs now than just these and more will be added as time goes along

Enter Your Referral Id's

Fill in your Referral IDs or Usernames for the Programs Listed below and whenever one of your Referrals Signs Up from this page they will be added to your Downline. Simply enter the new referral id and click the "Update" button Always check each link. Never leave one that doesn't work (readers don't like it!).

This is a great way to Build Multiple Downlines and Streams of Income ALL from one place! Just Refer Members to Power Cash Stream and the rest will follow you into most of the programs. Unless stated otherwise, joining these programs is FREE with the option to upgrade.

You were referred by: dlmerriam

The form contains four program cards, each with a description, a 'Signup!' button, and a 'Your Affiliate Id:' input field. Blue arrows point to the input fields. At the bottom, there is an orange 'Update Referral Ids' button.

- Sweeva:** is a program that can send loads of people to your site in a matter of minutes and it's completely free to use, believe me, you have NEVER seen anything like this before.
- ClickTrackProfit:** WARNING... highly addictive! Making money online doesn't have to be complicated. In fact, it can be done in 3 easy steps, you just need the right training from CTP.
- TopHits4U:** Enjoy member benefits like Surf Chat, Unique Prize Pages, Daily Rewards, Login Rewards, Free Upgrades, and much more! Eric Goettman is a awesome Owner and Admin.
- AdKreator:** No need to find a graphics designer, you can do it yourself professionally, yes you can, it's super simple and put your advertising in High Gear. A must Tool for All.

Upgrade

As you can see, there are several different membership levels.

The higher the level, the better your surfing ratio is, the faster the timer, the greater the number of websites, banners and text ads you can have setup, the more credits you get automatically every month, even without surfing, the better your credit to impressions ratio, the more surfing credits you get from your referrals, and, at the very top level, you will even get random referrals assigned to you from those that don't join through an affiliate link.
